

WYPALL® Wipers packaging

Simple Selection

Our solutions and the value we bring hasn't changed, but the way we've organized our products has. Our portfolio is now aligned to three distinct cleaning solutions to make selection easier and to provide you with task-specific options for every level of clean.

GENERALCLEAN™

Efficiency you can count on

Helps create a clean work environment with efficient light-to-medium-duty general cleaning solutions.

POWERCLEAN™

Tackles the toughest tasks

Maximise performance while minimising time, effort and product waste.*

*Compared to most rags

CRITICALCLEAN™

When your clean is vital

Helps reduce contamination risk with products that help clean, disinfect and sanitise.

PRODUCT SELECTOR:
Get the right wipe for the job.

- Economical, reusable general purpose cloth
- Weave soaks up spills and traps particles, and quickly rinses clean in water

WETTASK™ CUSTOMISABLE WET WIPING SYSTEM

KC Code
 6001 6101refill

6001

6101

FEATURES & BENEFITS

Use your chemical of choice | Broad chemical compatibility | Proprietary technology prevents the chemical from binding | Increases cleaning efficiency | Reduces cross contamination risk²

- A portable, refillable ready-to-use dispensing system of dry wipers that can be pre-moistened with your preferred chemicals, solvents and sanitisers¹
- Reduces worker exposure, solvent waste and evaporation for a safer, more cost-efficient workplace²
- Unlike rags, the wipers are designed to be compatible with commonly-used disinfectants¹

1. Refer to KCP chemical compatibility chart. User has responsibility to test the products with their preferred solvent
 2. Compared to rags in open bucket
