

It's time to throw in the towel

Think rags or reusables are ideal for cleaning messes?
Think again. They come with hidden costs, and they
may pose a risk to your people and your process.

Here are the 3 most common misconceptions around that solution:

▶ MYTH

RAGS AND REUSABLES ARE
COST EFFECTIVE

▶ FACT

The cost of reusables has increased more than
25%
since the start of the COVID-19 pandemic.¹

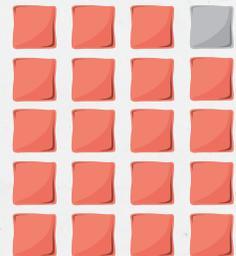

▶ MYTH

RAGS AND REUSABLES ARE
EFFICIENT

▶ FACT

93%
of towels sampled contained live bacteria,
even after laundering.²

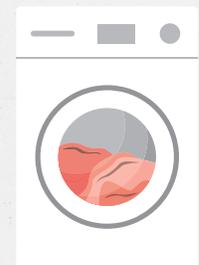

▶ MYTH

RAGS AND REUSABLES ARE
ENVIRONMENTALLY
FRIENDLY

▶ FACT

It takes a lot of
labor, energy and water
to wash and rewash rags and towels.

There's a better option: single-use disposable wipes from
WypAll®, the #1 brand of disposable wipes in North America.³
